Hello there,

I've closely reviewed your requirements and I am excited to undertake this project and deliver a high-quality real estate website that accurately reflects your vision and requirements. I will build this website as similar as you want with content and color as you want.

To get started, I will provide you with these pages.

| Homepage | Contract | Gallery | Service Detail | |Admin dashbord | Portfolio | Blog | P*y'men't Integration |

To complete the project, I'll follow several steps to ensure a smooth transition:

- Professional and eye-catching design
- The number of pages and features will be according to your needs.
- Ensure fast loading speeds.
- Design a user-friendly interface and fully responsive
- Write clean, organized code that's easy to update.
- Responsive for Desktop, Tablet, and Mobile devices.
- Ongoing support and guidance.
- SSL certificate for secure browsing.
- Integration with Google Maps for location display.
- Social media integration (Facebook, Instagram, etc.).

Let me know if you need anything else. To get started, I need the following things from your end:

- Domain, Hosting login access
- All the content that you want to use in your website

For this project, I'll charge \$300 USD and deliver the project within the next 12 days.

Please accept the custom offer from your end. I'm ready to start the project.

Kind Regards,
